A

AAAP annual meeting, July 1973, summary 671
abdominal mass in chicken 453
adenovirus
  associated with respiratory disease 690
  isolate from chickens 334
aflatoxin
  B_1, sensitivity of avian organs to 166
  effects on aspergillosis of turkey poults 111
ammonia, effects on Marek's disease 851
Anderson, D. P., new editor 251
anemia, effects of cadmium on, in chickens 106
annual meeting of AAAP, highlights 671
antibody production, stress and steroids effects on 807
arizona, gentamicin vs 673
Arizona hinshawii, pathology in turkey poults 314
Arkansas-99, new infectious bronchitis serotype 518, 659
arthritis, virus associated with 415
aspergillosis (see *Aspergillus fumigatus*)
Aspergillus fumigatus, influence of aflatoxin on effects 111
avian pox viruses, differentiation 325

B

bacterin, mixed, vs gangrenous dermatitis 205
blackhead disease, diagnosis by *in vitro* isolation of *Histomonas meleagridis* 847
blood, system for collecting 445
blood pressure, effects of cadmium on, in chickens 106
bluecomb (*see* enteritis, transmissible; *and* enteritis, infectious)
book review 194
botulism, type-C, in broiler chicken 650
bronchitis (*see* infectious bronchitis virus)
bursectomy, effects on chicken response to *Plasmodium gallinaceum* 12

C

cadmium sulfate, effects on electrocardiogram, blood pressure, and hematocrit of chickens 106
Candida albicans in geese causing epidemic venereal disease 639
Catharacta maccormicki (*see* skua)
cationic stabilization of CELO, Newcastle disease virus, and infectious bronchitis virus 195
cecal microflora, obligate relations with *Eimeria tenella* 461
CELO virus
  cationic stabilization of 195
  large-plaque mutant, replication 49
chicken-embryo-lethal-orphan virus (*see* CELO virus)
chlortetracycline vs *Staphylococcus aureus* in chicken 24
cholera, fowl (see *Pasteurella multocida*)
clopidol vs *Eimeria tenella* 425
Coban (*see* monensin)
coccidiosis (see *Eimeria*)
complement-fixation test in avian diseases 236
coronavirus, particles similar to in bluecomb-infected turkeys 546
Coyden (*see* clopidol)

D

Dactylaria gallopava, encephalitis due to 197
Diplorhinotrichum (see *Dactylaria*)
disease reports
  North Central States 874
  Northeastern States 904
  Southern States 889
ducks
  Pasteurella anatipestifer in 855
  Plasmodium lophurae in 617, 752

E

egg dipping
  gentamicin levels from 301, 594
  gentamicin vs arizona 673
  gentamicin vs salmonella 379, 574, 673
Eimeria, monensin vs 362
Eimeria maxima, immunity to as affected by Marek's disease 66
Eimeria tenella
  clopidol vs 425
  immunity to as affected by Marek's disease 66
  nequinate vs 717
  Novastat vs 582
  obligate relations with cecal microflora 461
electrocardiogram
  cadmium effects on 106
  lead effects on 308

encephalitis
contaminating cell cultures of infectious bronchitis virus 666
due to *Dactylaria gallopava* 197
encephalomyelitis
dorsal root ganglia lesions in 31
eastern equine, epizootic of 861
enteric virus, turkey, characterization 586
enteritis
hemorrhagic, test for 439
infectious, strains in turkeys 150
infectious, two reoviruses from 406
transmissible, characterization of viruses 430
transmissible, coronavirus-like particles in 546
epithelial cells, desquamated, in transmission of Marek's disease 767
erythropoiesis, effect on, of transplantable lymphoid tumor 737
Escherichia coli, variant from turkeys 662
exotic birds, type-A influenza from 458, 746
exotic Newcastle disease (*see* Newcastle disease, exotic)

F

fatty acid synthesis in ducks with *Plasmodium lophurae* 617
fluorescent-antibody techniques in avian research 213
fowl cholera (see *Pasteurella multocida*)
fowl plague virus, resemblance of influenza isolate to 173
fowlpox
antigen detection 274
pathogenesis in chicken 532
plaque formation on cell culture 87
plaque-neutralization test for 93
furazolidone vs *Salmonella typhimurium* 379

G

gangrenous dermatitis, effects of mixed clostridial bacterin on 205
gentamicin
concentrations in dipped eggs 301, 594
vs salmonella and arizona 673
vs salmonella in turkey eggs 574
vs *Salmonella typhimurium* 379
glutamic oxalacetic transaminase, plasma levels of, with *Histomonas meleagridis* 269
goose
electrocardiogram of, effect of lead shot on 308
Pasteurella anatipestifer in 868
venereal disease in, from *Candida albicans* 639
GOT (*see* glutamic oxalacetic transaminase)
granulomas, attributed to *Staphylococcus aureus* 858
guidelines for authors 252, 912

H

heart
effects of cadmium on, in chickens 106
enlarged by silver, effect on turkey performance 802
hematocrit, effects of cadmium on, in chickens 106
hepatitis, inclusion body, virus particles in hepatic cells 629
herpesvirus
of turkey, antigenic relations with leukosis strains 476
vaccine vs Marek's disease 137
from wild turkeys 1
Histomonas meleagridis
isolation in diagnosing blackhead disease 847
plasma glutamic oxalacetic transaminase levels with 269
Salfuride vs 269
histomoniasis (see *Histomonas meleagridis*)

I

IBV (*see* infectious bronchitis virus)
immunoglobulins, passively transferred, effect on Marek's disease 824
immunologic response of birds 208
immunology, symposium on, in avian research 207-250
immunoperoxidase technique for detecting fowlpox antigen 274
inclusion body hepatitis
virus agent for 182
virus particles in hepatic cells of chicken 629
infectious bronchitis virus
Arkansas-99, new serotype 518, 659
avian strains adapted to mammalian culture 697
cationic stabilization of 195
cultures of, contaminated by an avian encephalitis virus 666
outbreaks in vaccinated poultry 540
plaque formation in cell culture 369
serial passage of 3 strains 697

infectious enteritis (*see* enteritis, infectious; *and* enteritis, transmissible)
infectious laryngotracheitis, virus replication 683
influenza
  avirulent isolate 173
  type-A, from imported exotic birds 458, 746
interferon vs Marek's disease 758
irradiation, effects on chicken response to *Plasmodium gallinaceum 12*

L

lead shot, effect on electrocardiogram of geese 308
leukosis, JM and JMV strains, antigenic relations with herpesvirus of turkey 476
lipolysis in ducks with *Plasmodium lophurae* 752
litter, factors in salmonellacidal effects of 72

M

Marek's disease
  ammonia effects on 851
  cell-culture susceptibility to infection with 816
  detection, biological systems evaluated 255
  dual infections with acute and mild strains 390, 524
  effect on immunity to coccidiosis 66
  egg transmission, evidence against 141
  herpesvirus vaccine vs 137
  immunoglobulin effects on 824
  interferon vs 758
  released and extracted virions of 838
  statolon vs 758
  transmission, desquamated epithelial cells in 767
  virus pathogenicity effect on antibody production 727
meticlorpindol (*see* clopidol)
monensin vs coccidiosis 362
Mycoplasma gallisepticum in turkey sinus 295
Mycoplasma synoviae
  experimental infection in turkeys 122
  field studies 722
myocardial infarction produced by cadmium in chickens 106
myxoviruses in domestic and imported avians 155

N

neomycin vs *Salmonella typhimurium* 379
nephrosis (*see* infectious bronchitis virus)
nequinate vs *Eimeria tenella* 717
neutralization test in immunology 227
new editor, announcement 251
Newcastle disease
  cationic stabilization of virus 195
  exotic, eradication program in US 486
  exotic viscerotropic, field vaccination of turkeys against 159
  inactivated virus, chick response 450
  lentogenic vaccines vs velogenic strains 279
  vaccination vs, in turkey 42
  vaccine for chickens 598
  viscerotropic, pathotype of 354
  viscerotropic, edema of eyelid and face from 623
North Central States disease reports 874
Northeastern States disease reports 904
Novastat vs *Eimeria tenella* 582

O

osteomyelitis and synovitis of turkey 504

P

Pasteurella anatipestifer
  in duck deaths 855
  in geese 868
Pasteurella multocida
  avirulent mutant as live vaccine 396
  capsular polysaccharides from 705
penguin, salmonella in 568
Plasmodium gallinaceum in chickens 12
Plasmodium lophurae in ducks
  effect on fatty acid synthesis 617
  lipolysis in 752
processing plants, salmonella in 605
Pygoscelis adeliae (see penguin)
pyrimethamine, effects on lipolysis in ducks 752

R

reovirus, two strains from infectious enteritis epornitic 406
reovirus-24, characterization 559

respiratory disease
avian adenovirus in 690
new IBV serotype in 518
reticuloendotheliosis virus
hematologic changes 794
an immunogen vs 145
lesion development 782
robin, salmonellosis in 665
rofenaid vs *Salmonella typhimurium* 379
Rous sarcoma virus, an immunogen vs 145

S

Salfuride vs histomoniasis 269
salmonella
detection in animal by-products 99
gentamicin vs 574, 673
in penguins and skuas 568
in a robin 665
in turkey-processing plants 605
Salmonella typhimurium
chemotherapy in chickens 379
factors affecting litter activity against 72
silver, heart enlargement from, effect on turkey performance 802
sinus of turkey, normal 283
skua, salmonella in 568
Southern States disease reports 889
stabilization of CELO, Newcastle disease virus, and infectious bronchitis virus 195
Staphylococcus aureus
antibiotics vs, in chickens 24
blamed for multiple granulomas 858
statolon vs Marek's disease 758
steroids, effects on antibody production 807
stress, effects on antibody production 807
symposium on immunologic methods in avian research 207-250
synovitis and osteomyelitis of turkey 504

T

T-virus (*see* reticuloendotheliosis virus)
techniques
blackhead diagnosis by isolating *Histomonas meleagridis* 847
blood collection 445
CELO virus stabilization 195
complement fixation in avian diseases 236
fluorescent-antibody, in avian research 213
fowlpox antigen detection 274
fowlpox detection by plaque-neutralization test 93
hemorrhagic enteritis test 439
infectious bronchitis virus stabilization 195
Marek's disease detection 255
neutralization test in immunology 227
Newcastle disease virus stabilization 195
pox virus differentiation 325
salmonella detection in animal by-products 99
well cutters 870
transmissible enteritis (*see* enteritis, transmissible; *and* enteritis, infectious)
tumor, transplantable lymphoid, effects on erythropoiesis and erythrocyte survival 737
turkey, wild, herpesvirus in 1
turkey enteric virus, characterization 586
turkey herpesvirus (*see* herpesvirus; *see also* Marek's disease)
Twiehaus agent (*see* reticuloendotheliosis virus)
tylosin vs *Staphylococcus aureus* in chicken 24

V

venereal disease from *Candida albicans* in geese 639
virus particles in hepatic cells of chickens with inclusion body hepatitis 629
